Bryan asked Manager Wright to hold a meeting requesting input from the public on the master plan.

Manager Wright stated that a meeting will be held with ADOT regarding the water and sewer easement for the park. Mayor Bryan asked Manager Wright to put a hold on all engineering work on the park (except on the utility easement) until a public input meeting is held.

Councilmember Rueter stated that the Town has been offered greater bandwidth for internet connectivity, a dedicated 5MB for \$225 per MB per month with a 2 year contract. He stated that even though the cost is high, it is the current rate in Town and there may not be another opportunity for 2 years. He also stated that CommNet would cover the cost of the required equipment. This additional bandwidth would allow audio streaming of Council meetings.

The Council discussed the requirements of the proposed new system.

Councilmember Rueter made a motion to approve entering into an agreement with CommNet for internet connectivity for Town Hall for \$225 per MB per month for 2 years. Vice Mayor Montoya seconded the motion and it passed on unanimous vote.

B. Consideration, discussion, and possible approval of Forest Service Cost Recovery Agreement for access to Town Housing Parcels and Kotzin Ranch

Mayor Bryan stated that this item will be tabled until September 30th or until the attorney has had sufficient time to review this on the Town's behalf.

C. Discussion, consideration and possible action to clarify that the US Forest Service application ("Application") submitted to the US Forest Service pursuant to Section 5(e) of the First Amendment to Pre-Annexation and Development Agreement ("First Amendment"), dated January 22, 2014, between the Town of Tusayan ("Town") and Stilo Development Group ("Stilo") does not include the correct alignment for the southern access to Kotzin. As a result of US Forest Service requirements, the southern access to Kotzin depicted in the Application was not consistent with the southern access to Kotzin depicted in the Pre-Annexation and Development Agreement ("Prior Agreement"), dated July 1, 2011, between the Town and Stilo. When final US Forest Service approval of the southern access to Kotzin is obtained, such approved southern access to Kotzin shall be

subject to Town Council approval at that time and shall be attached to an amended Application that is subject to Town Council approval. Also at that time, the Town Council will be asked to approve a Second Amendment to the Prior Agreement and the First Amendment in the form attached as Exhibit 1. The US Forest Service approved southern access to Kotzin shall be attached to such Second Amendment as an exhibit.

Mayor Bryan stated that the southern access in the PADA was depicted as joining the northern round-about. The National Forest Service has stated that the option is not now available so is depicted differently in the application. This item, if approved, would acknowledge the change.

Clarinda Vail spoke on behalf of Thurston and Red Feather Properties and stated their opposition to this item and the Town's application to the National Forest Service.

Former Mayor Pete Shearer spoke on behalf of the Tusayan Sanitary District and stated that the district has not been consulted on this and should be since the road location could also be the utility location.

The Council discussed the topic and the options available.

Mayor Bryan stated that the action tonight is just to recognize that there has been a change in the route between the PADA and the National Forest Access Application.

Mr. Fitzgerald stated that there should be at least 2 options on the application for the southern access route. He also stated that he was not in favor of submitting the application until a comprehensive plan was developed.

Mayor Bryan stated that part of the NEPA process will be to study and gain input on utility locations. He also stated that having only one southern access option was to simplify the process for the Forest Service. He stated that whatever comes out of the Forest Service process will still have to be approved by the Council.

Councilmember Sanderson stated that the PADA should be amended to agree with the General Plan. He stated that the northern round-about option should not be removed.

Mayor Bryan made a motion to recognize that the southern access option in the Access Application has changed from that described in the First Amendment to the PADA. Councilmember Rueter seconded the motion. Councilmember Fitzgerald stated that he is opposed to the whole process and believes that it has lacked proper planning. The motion passed with a vote of 4 to 1 with Councilmember Fitzgerald voting "No."

8. DISCUSSION ITEMS

A. Update on the aerial topographic mapping of the Town of Tusayan

Councilmember Fitzgerald stated that he spoke with ADOT about using the dirt at the airport for this project but has gotten no definitive answer.

E. Update on crosswalk safety improvements

Manager Wright stated that ADOT has denied the Town's application for experimentation use of flag safety devices along Highway 64 in Town. They did give tentative approval for lighted signs for crosswalks but all crosswalks must be treated the same.

Vice Mayor Montoya asked if anyone had proposed removing some of the crosswalks. The answer was "no." Manager Wright stated that there is some anecdotal information that there were fewer safety issues with pedestrians prior to the additional crosswalks.

Fire Chief Robbie Evans stated that he believes the crosswalks have given people a false sense of security. He discussed actual accidents that have occurred since their installation.

Manager Wright will discuss the possibility of removing some of the crosswalks with ADOT.

F. Reports on the annual League of Arizona Cities and Towns conference held in August

Mayor Bryan tabled this discussion until a later meeting.

G. Discussion of public request to form Town Police Department

Mayor Bryan stated that he asked this item be placed on the agenda since it was requested by a citizen at the last meeting. He discussed the history of the Town's investigation into this topic. He also stated that Town Prosecutor Andy

Jolley sent a letter to the Council regarding his current concerns, specifically regarding domestic violence and response times. Mayor Bryan stated that the Coconino County Sheriff's Department does have an agreement with the National Park Service in cases where immediate response is needed.

Councilmember Rueter stated that he would like to investigate the possibility of adding Town-owned housing to use for a Sheriff's Deputy.

Coconino County Sheriff's Department Lt. Jim Coffey stated that he met with Mike Thomas today regarding housing. He stated that he does have one deputy interested in moving to Tusayan and plans to hire another specifically for Tusayan. He also stated that the relationship with the Sheriff's Department will be a topic of conversation at the Joint meeting with the Coconino County Board of Supervisors on September 30th.

H. Discussion of Town Building and Permit Fees

Manager Wright introduced the topic and the fees adopted by the Town in 2011 as well as comparison fees for other municipalities in northern Arizona.

Mayor Bryan stated that, previously, Willdan Engineering was collecting the fees but now the Town will be collecting the fees. This will be another topic on the agenda for the Joint meeting.

I. Discussion of Tusayan Fire District request for assistance

Chrystal Schoppmann with the Tusayan Fire District (TFD) spoke to the Council regarding the funding issues within TFD. She read a letter she sent to the Council and was included in the Agenda Packet. She stated that funding has been reduced by property valuation decreases over the last several years and she discussed all the additional funding opportunities TFD has pursued and continues to pursue.

She stated that calls to 911 from the Grand Canyon National Park Airport and employee housing areas on airport property are routed to TFD since the Airport Fire Department does not subscribe to the 911 service.

She requested unused allocated Town monies be provided to the TFD and a 0.25% increase in the BBB tax for permanent funding for the TFD.

The Council discussed the issue amongst themselves and with Ms. Schoppmann.

The Council requested the TFD budget for the last 3 years.

Councilmember Fitzgerald's call was lost.

9. TOWN MANAGER'S REPORT

Manager Wright stated that his report was in the packet and asked if there were any questions. He highlighted an estimate for concrete work at Town Hall and asked the Council to review it. He stated that it is less than the budgeted amount.
