TUSAYAN PLANNING AND ZONING COMMISSION
PURSUANT TO A.R.S. 38-431.02 & 38-431.03
THURSDAY, April 14, 2016 at 4:00 pm
TUSAYAN TOWN HALL
845 Mustang Drive, Tusayan, Arizona

PLANNING AND ZONING COMMISSION SPECIAL MEETING SUMMARIZED MINUTES

1. CALL TO ORDER AND PLEDGE OF ALLEGIANCE

Chair Gossard called the meeting to order at 4:10 pm and the Pledge of Allegiance was recited.

2. ROLL CALL

Upon roll call, the following were present:

CHAIR ROBERT GOSSARD
VICE CHAIR JANET ROSENER
COMMISSIONER CLAYANN COOK
COMMISSIONER ANAVON HARRIS
COMMISSIONER BETH HEARNE - excused

Also present were:

Eric Duthie, Town Manager
Melissa Drake, Town Clerk
Darryl Delbridge, Town Planning

3. CALL TO THE PUBLIC FOR ITEMS NOT ON THE AGENDA

None

4. CEREMONIAL AND/OR INFORMATIONAL MATTERS

None

5. CONSENT AGENDA

Approval of the Minutes of the Meeting held on 3/28/15

Vice Chair Rosener made a motion to approve the Consent Agenda. Commissioner Cook seconded the motion and it passed on unanimous vote.

6. ACTION ITEMS

A. Consideration, discussion, and possible approval of Design Review Case No. 2016-02, a sign at Canyon Plaza Resort

Manager Duthie introduced Darryl Delbridge (Town Consultant with Willdan Engineering).

The Commission discussed the sign request with Kim Euers of Yesco Sign company who represented the applicant, Canyon Plaza Resort. Ms. Euers clarified the intent of use of the old sign. She (and Rich Miller, also representing the Canyon Plaza Resort) stated that the upper sign is slated for disposal and the lower "cabinet" may be used within the building. She also stated that there will be no animation on the sign and the transition between frames could be set to any interval.

Chair Gossard noted a letter he submitted yesterday where he suggested a transition time of 1 second and that the image should not change sooner than every 8 seconds. He also recommended not approving the sign until the sign content is brought back to the commission.

The Commission took no action.

B. Consideration, discussion, and possible recommendation to the Tusayan Town Council of the Tusayan Subdivision Regulations

Manager Duthie stated that one change has been made to the Tusayan Subdivision Regulations since the last meeting: on the last page of the document, the definition of "Town Engineer" has been modified to include a designee of the Town Manager

Commissioner Harris made a motion to recommend to the Tusayan Town Council approval of the Tusayan Subdivision Regulations as submitted today. Commissioner Cook seconded the motion and it passed on unanimous vote.

7. MOTION TO ADJOURN

Vice Chair Rosener made a motion to adjourn at 4:36 pm. Commissioner Harris seconded the motion and it passed unanimously.

Robert Gossard, Chair

ITEM NO. 6

TOWN OF TUSAYAN STAFF REPORT

Date: April 8, 2016
To: Planning and Zoning Commission
From: Town Planner
Subject: Design Review No. 2016-02; a request to approve replacement of an existing sign.

Recommendation

Approve Design Review No. 2016-02; an application for approval of the elevations, materials, and colors for the replacement of the Canyon Plaza Resort sign.

Project Data:

Contact Person: Kimberly W. Euers (YESCO, LLC)
Address: 6725 W. Chicago Street. Chandler, AZ, 85226
Phone: (480-403-7707)

Applicant: Canyon Plaza Resort
Address: 406 Canyon Plaza Lane, Tusayan, AZ 85023
Phone: (928) 779-4340

Existing Land Use: Hotel

Parcel Size: 2.16 acres.

Assessor's Parcel No. 502-17-010H

Project Analysis: Canyon Plaza Resort asks that it be permitted to replace its existing monument/emc display sign and replace it with a pylon LED display. The new display will be installed within the same planter as the existing display. Cabinet and pipes are to be satin black, with an ENC message board to change no more than at 8 second intervals. All color and size specifications are depicted on the attached exhibits.

The applicant is also proposing to remove/discard the existing sign. They will re-use the existing support pipe painted a satin black finish. They will manufacture and install the new D/F pylon sign to house a 16 mm LED display. The sheet metal cabinet will be painted with a satin black finish. Both support pipes will match in size, shape, and color.

The proposed project is to be consistent with the following aspects of Section 16 (Signs) and Section 17 (Lighting) of the Tusayan Zoning Ordinance as follows:

1. The sign is less than the 100 sq. ft. area as specified in Section 16.7 (b).

2. Section 17.2 (A) states: The provisions of this zoning code are not intended to prevent the use of any design material or method of installation or operation not specifically prescribed by this code; provided, any such alternate has been approved by the Town Manager.
3. Section 17.6 (B) 1 states: Illumination of copy an background; colors. The sign face of an outdoor internally illuminated advertising sign must be composed of illuminated text and symbols against and opaque background. The colors of these elements are not restricted.
4. Architectural styles shall be respectful and compatible with the unique location of this community as a gateway to the south rim of the Grand Canyon.
5. External building materials should be predominantly those that fit the natural landscape.
6. Earthtone colors that blend with local soils and vegetation are highly desirable. Various shades of browns and tans, subtle greens, as well as sandstone and limestone are encouraged. Color schemes should be coordinated to complement the architectural style and mass of the buildings.

Depiction of Existing (to be removed) and Proposed Signage

April 13, 2016

In a letter I wrote to the Town Hall on Oct. 15, 2015, I stated:

Canyon Plaza Sign

During the Dec 17, 2013 Planning and Zoning Commission Meeting, the commission approved Design Review Case No. DR2013-05, Replacement Signage for the Canyon Plaza Resort. Highlights from the staff report provided include:

- "A light brown/sand color will be used for backgrounds. Black, muted orange and green will be used for accents and lettering."
- "The sign face of an outdoor internally illuminated advertising sign must be composed of illuminated text and symbols against an opaque (not illuminated) background."
- "The message center sign, which is the lower portion of the freestanding sign, will use muted earth tone colors for both background and text. There will be no bright colors. To satisfy the sign regulation that prohibits flashing signs, the message can only change every 8 seconds and must be a static display."

The staff report has illustrations that show the proposed signage in what appears to be white text on an orange background. The sign plans provided by Yesco, page 1 of 4, state "Lower cabinet with message center to be programmed with messages that change no faster than every 8 seconds. Messages to use muted earth tone colors for both backgrounds & text, no bright flashing colors or bright whites."

I have the sound recording of the actual commission meeting, in which can be heard Richard Turner saying "...the proposed colors used for the signs, here to satisfy the zoning ordinance criteria light brown sand color will be used for the background black muted orange and green will be used for accents and lettering." "The message center sign, we use muted earth tone colors for both background and text, there will be no bright colors."

When asked by Commissioner Rosener how the illumination would work with earth tones, he answered "Those are going to be the colors you will see when it lights up" referring to the samples that had been submitted to us. When further asked about bright colors such as bright reds he also states "That's what's been committed, that's what's on their plans."

Jeremy Galloway of Yesco LLC Stated "...it is pretty easy to come up with earth tone colors that are opposing enough to be visible."

As you can see by passing by this sign, it is not the sign described above. I have asked Town Manager Eric Duthie to give us an update tomorrow at the meeting what steps have occurred thus far to bring the existing sign into compliance, but as of today clearly no visible action has.

I think I have established that the applicants for this action have not demonstrated the will and/or are not able to fulfill the conditions on the current sign they have, and have therefore not demonstrated a will or ability to bring a new sign into compliance.
