

Dear Applicant:

The following information is being provided to you to minimize delays and potential problems in your project. Each of the parties listed below plays an important role in the growth and development of the Town of Tusayan and need to be aware of work in the community. **Permits or other approvals for construction cannot be issued and final inspections will not be performed without the approval of the serving utilities and service providers.**

Please contact the utilities, or service providers, identified below to discuss your project and provide them with the information they may need to review, understand, acknowledge, and in some cases, approve portions of your project. We appreciate your cooperation and are committed to keeping your project on track.

Utility or Service Providers please return this form via email to [rbrooks@willdan.com](mailto:rbrooks@willdan.com) with your approval or disapproval for project processing.
