INDEPENDENT AUDITOR'S REPORT

To the Town Council
Town of Tusayan, Arizona

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of the Town of Tusayan, Arizona as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Town of Tusayan, Arizona as of June 30, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Tusayan, Arizona and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 1 to the financial statements, for the year ended June 30, 2025, the Town of Tusayan, Arizona adopted new accounting guidance, Governmental Accounting Standards Board No. 101, *Compensated Absences*. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Tusayan, Arizona's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Tusayan, Arizona's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Tusayan, Arizona's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedules, and pension schedules as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 4, 2026 on our consideration of the Town of Tusayan, Arizona's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Tusayan, Arizona's internal control over financial reporting and compliance.

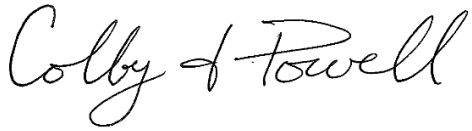
Other Matters

Compliance over the Use of Highway User Revenue Fund and Other Dedicated State Transportation Revenue Monies

In connection with our audit, nothing came to our attention that caused us to believe that the Town failed to comply with authorized transportation purposes, insofar as they relate to accounting matter, for highway user revenue fund monies it received pursuant to Arizona Revised Statutes, Title 28, Chapter 18, Article 2, and any other dedicated state transportation

revenues it received. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Town's noncompliance with authorized transportation purposes referred to about, insofar as they relate to accounting matters.

The communication related to compliance over the use of Highway User Revenue Fund and other dedicated State transportation revenue monies in the preceding paragraph is intended solely for the information and use of the members of the Arizona State Legislature, the Town Council, management, and other responsible parties within the Town and is not intended to be and should not be used by anyone other than these specified parties.



March 4, 2026

THE TOWN OF TUSAYAN

As management of the Town of Tusayan (Town), we offer readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2025. Please read it in conjunction with the accompanying basic financial statements.

FINANCIAL HIGHLIGHTS

- The Town's assets exceeded its liabilities by $18,192,223 (net position) for the fiscal year.
- Total revenues from all sources were $5,167,923 and the total cost of all Town programs was $3,197,829, resulting in an increase in net position of $1,970,094 from the prior year.
- Town sales tax collections of $3,838,416 were up $652,791 from the prior year amount of $3,185,625.
- Total governmental fund balance increased by $1,426,252 to end the fiscal year to $12,413,049.
- Total general fund revenues exceeded total general fund expenditures by $1,521,395 (before transfers).

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The three components of the financial statements are: (1) government-wide financial statements which include the statement of net position and the statement of activities, (2) fund financial statements, and (3) notes to the financial statements.

Reporting the Town as a Whole

The Statement of Net Position and the Statement of Activities (Government-wide)

A frequently asked question regarding the Town's financial health is whether the year's activities contributed positively to the overall financial well-being. The statement of net position and the statement of activities report information about the Town as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Town's net position and changes in them. Net position, the difference between assets and liabilities, is one way to measure the Town's financial health, or financial position. Over time, increases or decreases in net position are an indicator of whether the financial health is improving or deteriorating. However, it is important to consider other non-financial factors such as changes in the condition of the Town's roads to accurately assess the overall health of the Town.

The statement of net position and the statement of activities, present information about the following:

- Governmental activities – All of the Town's basic services are considered to be governmental activities, including general government, public safety, facilities and grounds, public works and streets and parks and recreation. Sales taxes, state revenue sharing, intergovernmental revenues, investment earnings, and charges for services finance most of these activities.

- Proprietary activities/business type activities – The Town currently does not maintain any proprietary activities.

Reporting the Town's Most Significant Funds

Fund Financial Statements

The fund financial statements provide detailed information the Town's funds—not the Town as a whole. Some funds are required to be established by state law and by bond covenants. However, management establishes many other funds which aid in the management of money for particular purposes or meet legal responsibilities associated with the usage of certain taxes, grants, and other money. The Town's funds use the accounting approach as explained below.

- Governmental funds – The Town's basic services are reported in governmental funds. Governmental funds focus on how resources flow in and out with the balances remaining at year-end that are available for spending. These funds are reported using a current financial resources measurement focus, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Town's general government operations and the basic services it provides. Government fund information shows whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. We describe the relationship (or differences) between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds in a reconciliation included with the basic financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position: Net position may serve over time as a useful indicator of the Town's financial position. The table reflects the Condensed Statement of Net Position of the Town showing that net position increased by $1,970,094 in total as compared to the prior year.

Condensed Statement of Net Position

	Governmental Activities	
	2025	2024 (restated)
ASSETS		
Current and other assets	$ 13,208,679	$ 11,657,619
Capital assets, not being depreciated	3,094,023	3,094,023
Capital assets, being depreciated, net	2,858,741	2,462,842
Total assets	19,161,443	17,214,484
DEFERRED OUTFLOWS OF RESOURCES	59,837	37,693
LIABILITIES		
Current and other liabilities	263,895	221,078
Long-term liabilities	278,846	324,926
Total liabilities	542,741	546,004
DEFERRED INFLOWS OF RESOURCES	486,316	484,044
NET POSITION		
Net investment in capital assets	5,952,764	5,556,865
Restricted for:		
Postemployment benefits	10,453	10,637
American Rescue Plan	3,315	-
Youth programs	1,048	4,219
Public works and streets	15,118	-
Opiod program	16,615	10,559
Parks and recreation	6,157	-
Unrestricted (deficit)	12,186,753	10,639,849
Total net position	$ 18,192,223	$ 16,222,129
CHANGE IN NET POSITION	$ 1,970,094	$ 709,699

Net position consists of three components. A significant portion of the Town's net position reflects its investment in capital assets; consequently, these assets are not available for future spending. An additional portion of the Town's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of the net position is unrestricted and may be used to meet the Town's ongoing obligations to citizens.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Governmental Activities

The cost of all governmental activities this year was $3,197,829. As shown on the statement of activities, $22,382 of this cost was paid for by those who directly benefited from the programs; $513,121 was subsidized by grants received from other governmental organizations for both operating and capital activities. General taxes, state revenue sharing and investment earnings totaled $4,632,420.

	Governmental Activities

Urban revenue sharing 6.2%
Town sales tax 74.3%

Financial Analysis of the Government's Funds

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds: The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town's governmental funds reported combined ending fund balances of $12,413,049, an increase of $1,426,252 in comparison with the prior year. $12,370,796 of this total amount constitutes unassigned fund balance, which is available for new spending at the government's discretion.

The General Fund is the chief operating fund of the Town. At the end of the current fiscal year, unassigned fund balance in the General Fund was $12,479,790. As a measure of liquidity, it may be useful to compare unassigned fund balance as a percentage of total fund expenditures. Total General Fund unassigned fund balance represents approximately 392% of total General Fund expenditures. During the year, the Town's General Fund balance increased by $1,125,794.

Change in Fund Balances

	2025	2024	Change
Governmental			
General Fund	$ 12,479,790	$ 11,353,996	$ 1,125,794
Streets Fund	15,118	(394,514)	409,632
ARPA Fund	3,315	12,537	(9,222)
Grants Fund	(85,174)	14,778	(99,952)
Total governmental fund balances	$ 12,413,049	$ 10,986,797	$ 1,426,252

Budgetary Highlights

The General Fund's revenues of $4,701,399 were more than budgeted revenues of $4,346,079 by $355,320 due to sales tax collections being higher than anticipated. The General Fund's expenditures of $3,180,004 were less than budgeted expenditures of $63,921,171 by $60,751,389 due to budgeting for capital projects that did not occur in the year. Streets Fund revenues of $83,217 were more than budgeted revenues of $76,244 by $6,973 and Street Fund expenditures of $68,099 were less than budgeted expenditures of $707,365 by $639,266 because of planned road projects that did not occur. Grants Fund revenues of $274,313 were less than budgeted revenues of $3,595,000 by $3,320,687 and Grants Fund expenditures of $375,352 were less than budgeted expenditures of $3,000,000 by $2,624,648. The Town anticipated grant monies that were not granted to them during the year.

CAPITAL ASSETS AND LONG-TERM LIABILITIES

Capital Assets - The capital assets of the Town are those assets that are used in performance of Town functions including infrastructure assets. Capital assets include land, furniture, equipment, vehicles, buildings, improvements other than buildings, park facilities and roads. At the end of fiscal year 2025, net capital assets of the government activities totaled $5,952,764. Depreciation on capital assets for government activities is recognized in the government-wide financial statements.

	Governmental Activities	
	2025	2024
Governmental activities:		
Capital assets not being depreciated:		
Land	$ 3,094,023	$ 3,094,023
Capital assets being depreciated:		
Buildings	1,758,754	1,534,629
Improvements other than buildings	1,982,441	1,589,771
Furniture, equipment, & vehicles	621,075	611,940
Total	4,362,270	3,736,340
Less accumulated depreciation for:		
Buildings	(477,872)	(391,069)
Improvements other than buildings	(594,852)	(508,391)
Furniture, equipment, & vehicles	(430,805)	(374,038)
Total	(1,503,529)	(1,273,498)
Total capital assets being depreciated, net	2,858,741	2,462,842
Governmental activities capital assets, net	$ 5,952,764	$ 5,556,865

Long-term debt – At year-end, the Town had $303,975 in long-term debt outstanding with $25,129 due within one year. Long-term debt decreased by $36,084 which was made up mostly of a decrease of the net pension liability of $40,468. Additional information on the Town's long-term debt can be found in Note 5 of the financial statements.

NEXT YEAR'S BUDGET AND ECONOMIC FACTORS

The Town 's revenues are almost entirely dependent on tourism to the Grand Canyon National Park; one of the natural wonders of the world. The Town has recently finalized a two year "Explore Tusayan" Marketing Initiative to help capitalize on the Town's position as the closest neighbor to the South Rim of Grand Canyon National Park. The Town has taken on the formal role of the Designated Marketing Organization (DMO) for the Town. If international travel continues to recover, the annual Town revenues are expected to grow. Any slowing of the economy or world travel will adversely affect Town revenues. The closure of the local McDonald's for rebuild impacted local sales tax revenues for the short term in this audit year. Unprecedented inflation and unusual world conditions seemed to have slowed the Town's post COVID revenue recovery. It is expected that adverse economic conditions will continue to impact the Town adversely.

The Town has undertaken several innovative efforts to drive and cultivate domestic and international tourism. This includes the expansion of the Parks and Recreation Department. This Department hosts several events each year aimed at promoting tourism within Tusayan. Among these efforts are a unique Fourth of July drone light show, winter holiday light offerings, a new Cinco De Mayo Celebration, and multiple Astronomy events. In the next fiscal year, the Town will participate in several trade marketing initiatives.

Long term, the Tusayan Town Council has initiated strategic capital projects, such as developing broadband internet, building a system of trails (that will eventually connect Tusayan to the National Park), and a new Town hall. The Town also purchased land for a new Town hall and initiated the development of a Sports Complex Master Plan and Feasibility Study. In FY 2025-2026, the Tusayan General Plan will be up for renewal. The Town has partnered with Coconino County Flood Control District to undertake a $2.3 million flood planning project (with AZ Smart grant funds). This project was started in response to a major flooding event which occurred in the summer of 2023.

These projects have garnered unprecedented support from stakeholders, including financial grant awards, totaling close to $3 million. When finished, these projects will safeguard the community. These projects will also help to enhance the tourist draw to the area without over commercializing the community.

CONTACTING THE TOWN'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, contact, Town of Tusayan, Finance Department, P.O. Box 709, Tusayan, Arizona 86023.

Total liabilities, deferred inflows of resources, and fund balances	$ 13,052,242	$ 15,118	$ 3,315	$ 194,723	$ 13,265,398

See accompanying notes to financial statements.

TOWN OF TUSAYAN, ARIZONA
Governmental Funds
Reconciliation of the Balance Sheet to the Statement of Net Position
June 30, 2025

Fund balances-total governmental funds		$ 12,413,049
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and therefore, are not reported in the funds.		5,952,764
Some recievables are not available to pay for current-period expenditures and, therefore, are reported as unavailable revenue in the funds.		108,994
Net pension assets held in trust for future benefits are not available for operations and, therefore, are not reported in the funds.		10,453
Deferred outflows and inflow of resources related to pensions/OPEB are applicable to future reporting periods and, therefore, are not reported in the funds.		
Pension/OPEB related deferred outflows	59,837	
Pension/OPEB related deferred inflows	(48,899)	
		10,938
Some liabilities, including the net pension/OPEB liabilities, bonds payable, and compensated absences payable are not due and payable in the current period and, therefore are not reported in the funds.		
Compensated absences	(33,505)	
Net pension liability/OPEB	(270,470)	
		(303,975)
Net position of governmental activities		$ 18,192,223

See accompanying notes to financial statements.

TOWN OF TUSAYAN, ARIZONA
Governmental Funds
Statement of Revenues, Expenditures, and Changes in Fund Balances
Year Ended June 30, 2025

	General Fund	Streets Fund	ARPA Fund	Grants Fund	Total Governmental Funds

Miscellaneous	721	-	-	-	721
Contributions	-	-	-	10,255	10,255
Total revenues	4,701,399	83,217	-	274,313	5,058,929
Expenditures					
Current					
General government	1,113,574	-	9,222	1,526	1,124,322
Public safety	1,079,822	-	-	-	1,079,822
Public works and streets	52,998	68,099	-	192,926	314,023
Parks and recreation	484,004	-	-	4,576	488,580
Capital outlay	449,606	-	-	176,324	625,930
Total expenditures	3,180,004	68,099	9,222	375,352	3,632,677
Excess (deficiency) of revenue over (under) expenditures	1,521,395	15,118	(9,222)	(101,039)	1,426,252
Other financing sources (uses)					
Transfers in(out)	(395,601)	394,514	-	1,087	-
Net change in fund balances	1,125,794	409,632	(9,222)	(99,952)	1,426,252
Fund balances, beginning of year	11,353,996	(394,514)	12,537	14,778	10,986,797
Fund balances, end of year	$ 12,479,790	$ 15,118	$ 3,315	$ (85,174)	$ 12,413,049

See accompanying notes to financial statements.

TOWN OF TUSAYAN, ARIZONA
Governmental Funds
Reconciliation of the Statement of Revenue, Expenditures, and Changes in Fund Balance to the Statement of Activities
June 30, 2025

Net change in fund balances-total governmental funds		$ 1,426,252
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. These amounts are the differences in the treatment of capital assets.		
Capital outlay	625,930	
Depreciation expense	(230,031)	
		395,899
Revenues in the Statement of Activities, that do not provide current financial resources are not reported as revenues in the funds.		
Unavailable revenue		108,994
Town pension/OPEB contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the statement of net position because the reported net pension/OPEB liability is measured a year before the Town's report date. Pension/OPEB expense, which is the change in the net pension/OPEB liability adjusted for changes in deferred outflows and inflows of resources related to pensions/OPEB, is reported in the statement of activities.		
Town pension/OPEB contributions	42,802	
Pension/OPEB income	531	
		43,333
Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available resources. In the statement of activities, however, which is presented on the accrual basis of accounting, expenses are reported regardless of when the financial resources are available.		
Increase in compensated absences payable		(4,384)
Change in net position of governmental activities		$ 1,970,094

See accompanying notes to financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the Town of Tusayan, Arizona (Town) have been prepared in conformity with U.S. generally accepted accounting principles applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB).

For the year ended June 30, 2025, Town of Tusayan, Arizona implemented the provisions of GASB Statement No. 101, *Compensated Absences.* The objective of this Statement is to better meet the information needs financial statement users by updating the recognition and measurement guidance for compensated absences. As a result of implementing GASB Statement 101, the Town's financial statements have been modified for the recognition and measurement of compensated absences, and determined that certain leave types previously not recognized now meet the criteria for liability recognition under the new standard.

A summary of the Town's more significant accounting policies follows.

A. Reporting Entity

The Town is a general purpose local government that is governed by a separately elected Town Council. The accompanying financial statements present the activities of the Town.

B. Basis of Presentation

The basic financial statements include both government-wide statements and fund financial statements. The government-wide statements focus on the Town as a whole, while the fund statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the information's usefulness.

Government-wide statements—provide information about the primary government (the Town). The statements include a statement of net position and a statement of activities. These statements report the overall government's financial activities. Governmental activities generally are financed through taxes and intergovernmental revenues.

A statement of activities presents a comparison between direct expenses and program revenues for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The Town does not allocate indirect expenses to programs or functions.

Program revenues include:

- charges to customers or applicants for goods, services, or privileges provided;
- operating grants and contributions; and
- capital grants and contributions, including special assessments.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Revenues that are not classified as program revenues, including internally dedicated resources and all taxes the Town levies or imposes, are reported as general revenues.

Generally, the effect of interfund activity has been eliminated from the government-wide financial statements to minimize the double-counting of internal activities. However, charges for interfund services provided and used are not eliminated if the prices approximate their external exchange values.

Fund financial statements—provide information about the Town's funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds. The Town of Tusayan has elected to reported all funds as major funds for reporting purposes.

The Town reports the following major governmental funds:

> The ***General Fund*** is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
>
> The ***Streets Fund*** accounts for specific revenue received from the State of Arizona Highway User Revenue Fund which are legally restricted to expenditures for authorized street and highway purposes.
>
> The ***ARPA Fund*** accounts for specific spending of resources received from the Federal government as it relates to the American Rescue Plan Act (ARPA).
>
> The ***Grants Fund*** accounts for specific revenue received that is legally restricted to expenditures for specific grant purposes.

Additionally, the Town reports the following fund types:

> The ***Custodial Fund*** accounts for assets held by the Town as an agent for a developer, the STILO Group. The developer is paying for planning services and all application costs based upon an agreement between the developer and the Town. These funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

C. Basis of Accounting

The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Grants and donations are recognized as revenue as soon as all eligibility requirements the provider imposed have been met.

Under the terms of grant agreements, the Town funds certain programs by a combination of grants and general revenues. Therefore, when program expenses are incurred, there are both restricted and unrestricted resources available to finance the program. The Town applies grant resources to such programs before using general revenues.

Governmental funds in the fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when they become both measurable and available. The Town considers all revenues reported in the governmental funds to be available if the revenues are collected within 60 days after year-end. The Town's major revenue sources that are susceptible to accrual are special assessments, intergovernmental, charges for services, and investment earnings. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they are due and payable. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of general long-term debt and acquisitions under capital lease agreements are reported as other financing sources.

D. Cash and Investments

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits, investments in the State Treasurer's local government investment pool, and only those highly liquid investments with a maturity of three months or less when purchased.

E. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

F. Budgets

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. All annual appropriations lapse at year end. The Town is subject to the State of Arizona's Spending Limitation Law for Towns and Cities. This law does not permit the Town to spend more than budgeted revenues plus the carry-over unrestricted cash balance from the prior fiscal year. The limitation is applied to the total of the combined funds. The Town complied with this law during the year.

Expenditures may not legally exceed budgeted appropriations at the department level. The individual Schedules of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual reports as listed in the table of contents present all departments which incurred an excess of expenditures/expenses over appropriations for the year ended June 30, 2025, if any.

G. Capital Assets

Capital assets are reported at actual cost (or estimated historical cost if historical records are not available). Donated assets are reported at acquisition value.

Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets are as follows:

	Capitalization Threshold	Depreciation Method	Estimated Useful Life
Land	$ 5,000	N/A	N/A
Construction in progress	5,000	N/A	N/A
Buildings	5,000	Straight-line	25-50
Building improvements	5,000	Straight-line	20-40
Machinery and equipment	5,000	Straight-line	5-10
Infrastructure - Streets and sidewalks	5,000	Straight-line	20
Storm drains and inlets	5,000	Straight-line	20

H. Deferred Outflows and Inflows of Resources

The statement of net position and balance sheet include separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future periods that will be recognized as an expense or expenditure in future periods. Deferred inflows of resources represent an acquisition of net position or fund balance that applies to future periods and will be recognized as a revenue in future periods.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

I. Postemployment Benefits

For purposes of measuring the net pension and other postemployment benefits (OPEB) assets and liabilities, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension and OPEB expense, information about the plans' fiduciary net position and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

J. Investment Income

Investment income is composed of interest, dividends, and net changes in the fair value of applicable investments.

K. Fund Balance Reporting

The governmental funds' fund balances are reported separately within classifications based on a hierarchy of the constraints placed on those resources' use. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted, and unrestricted, which includes committed, assigned, and unassigned fund balance classifications.

The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form, such as inventories, or are legally or contractually required to be maintained intact. Restricted fund balances are those that have externally imposed restrictions on their usage by creditors (such as through debt covenants), grantors, contributors, or laws and regulations.

The unrestricted fund balance category is composed of committed, assigned, and unassigned resources. Committed fund balances are self-imposed limitations that the Town Council has approved, which is the highest level of decision-making authority within the Town. Only the Town Council can remove or change the constraints placed on committed fund balances.

Assigned fund balances are resources constrained by the Town's intent to be used for specific purposes, but that are neither restricted nor committed. The Town Council has authorized the Town Manager to assign resources for a specific purpose.

The unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not reported in the other classifications. Also, deficits in fund balances of the other governmental funds are reported as unassigned.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

When an expenditure is incurred that can be paid from either restricted or unrestricted fund balances, it is the Town's policy to use (the Town will use) restricted fund balance first. It is the Town's policy to use (the Town will use) committed amounts first when disbursing unrestricted fund balances, followed by assigned amounts, and lastly unassigned amounts.

L. Compensated Absences

Compensated absences consist of vacation and sick leave earned by employees based on services already rendered.

Town employees accrue between up to 200 hours of vacation depending on years of service, but any vacation hours in excess of the maximum amount that are unused at year-end are forfeited. All unused vacation benefits are paid to employees up to 200 hours. Accordingly, vacation benefits are accrued as a liability in the financial statements.

Employees may accumulate 240 hours of sick leave. Generally, sick leave benefits provide for ordinary sick pay and are cumulative but are forfeited upon termination of employment. GASB Statement No. 101 requires that a liability be recognized for leave that has not been used if [a] the leave is attributable to services already rendered, [b] the leave accumulates, and [c] the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Sick leave is considered to meet these criteria and the portion expected to be more likely than not to be used for time off has been estimated and accrued in the financial statements.

M. Leases

As lessee, the Town recognizes lease liabilities with an initial, individual value of $5,000 or more. The Town uses its estimated incremental borrowing rate to measure lease liabilities unless it can readily determine the interest rate implicit in the lease. The Town's estimated incremental borrowing rate is based on the Town's borrowing rate for unsecured debt for a comparable amount and time period, and then adjusted based on full collateralization.

As lessor, the Town recognizes lease receivables with an initial, individual value of $5,000 or more. If there is no stated rate in the lease contract (or if the stated rate is not the rate the Town charges the lessee) and the implicit rate cannot be determined, the Town uses its own estimated incremental borrowing rate as the discount rate to measure lease receivables. The Town's estimated incremental borrowing rate is calculated as described above.

NOTE 2 – ACCOUNTING CHANGES

In prior periods, the Town had incorrectly capitalized expenditures related to a flood mitigation plan resulting in *Capital assets, not being depreciated* in the Governmental Activities being overstated by $445,285. This resulted in an error of previously issued financial statements for fiscal years ending June 30, 2019, through June 30, 2024

During fiscal year 2025, accounting changes for the implementation of GASB Statement No. 101, *Compensated Absences* and the error correction as previously discussed, resulted in adjustments to and restatement of beginning net positions, as follows:

	Net position/fund balance at June 30, 2024 as previously reported	Change in accounting principle - GASB 101	Error correction - flood mitigation expenditures	Net position/fund balance July 1, 2024 as restated
Government-wide				
Governmental activities	$ 16,681,402	$ (13,988)	$ (445,285)	$ 16,222,129
Total primary government	$ 16,681,402	$ (13,988)	$ (445,285)	$ 16,222,129

NOTE 3 – DEPOSITS AND INVESTMENTS

Arizona Revised Statutes (A.R.S.) authorize the Town to invest public monies in the State Treasurer's investment pool; obligations issued or guaranteed by the United States or any of the senior debt of its agencies, sponsored agencies, corporations, sponsored corporations, or instrumentalities; specified state and local government bonds, notes, and other evidences of indebtedness; interest-earning investments such as savings accounts, certificates of deposit, and repurchase agreements in eligible depositories; specified commercial paper issued by corporations organized and doing business in the United States; specified bonds, debentures, notes, and other evidences of indebtedness that are denominated in United States dollars; and certain open-end and closed-end mutual funds, including exchange traded funds. In addition, the Town Treasurer may invest trust funds in certain fixed income securities of corporations doing business in the United States or District of Columbia.

Investments – The State Investment Board provides oversight for the State Treasurer's pools, and the Local Government Investment Pool Advisory Committee provides consultation and advice to the Treasurer. The fair value of a participant's position in the pool approximates the value of the participant's pool shares. The shares are not identified with specific investments and are not subject to custodial risk.

NOTE 3 – DEPOSITS AND INVESTMENTS – Continued

Credit risk
Statutes have the following requirements for credit risk:

1. Commercial paper must be of prime quality and be rated within the top two ratings by a nationally recognized rating agency.

2. Bonds, debentures, notes, and other evidences of indebtedness that are denominated in United States dollars must be rated "A" or better at the time of purchase by at least two nationally recognized rating agencies.

3. Fixed income securities must carry one of the two highest ratings by Moody's investor's service and Standard and Poor's rating service. If only one of the above-mentioned services rates the security, it must carry the highest rating of that service.

Custodial credit risk - Statutes require collateral for deposits at 102 percent of all deposits federal depository insurance does not cover.

Concentration of credit risk - Statutes do not include any requirements for concentration of credit risk.

Interest rate risk - Statutes require that public monies invested in securities and deposits have a maximum maturity of 5 years. The maximum maturity for investments in repurchase agreements is 180 days.

Foreign currency risk - Statutes do not allow foreign investments unless the investment is denominated in United States dollars.

Deposits — At June 30, 2025, the carrying amount of the Town's total non-pooled cash in bank was $7,462,578, and the bank balance was $7,561,243. The bank balance was covered by Federal Depository Insurance or collateralized with securities held by the pledging financial institution's trust department or agent, but not in the Town's name.

As of June 30, 2025 the Town had the following deposits and investments:

Deposits	
Cash in bank	$ 7,462,578
Investments	
Money market funds	729,528
State Treasurer's investment pool	3,957,752
Total deposits and investments	$ 12,149,858

NOTE 3 – DEPOSITS AND INVESTMENTS – Continued

Interest Rate Risk – Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Town manages its exposure to declines in fair values by structuring the investment portfolio so that maturities of investments are concurrent with the anticipated cash requirements for ongoing operations and investing funds primarily in shorter-term investment pools.

	Investment maturities (in years)			
	Less than 1	1-3	4-5	Amount
Money market funds	$ 729,528	$ -	$ -	$ 729,528
State Treasurer's investment pool	4,020	2,297,585	1,656,147	3,957,752
	$ 733,548	$ 2,297,585	$ 1,656,147	$ 4,687,280

Credit Risk – The Town limits its investments to the State Treasurer's Investment Pool, U.S. agency securities, and negotiable certificates of deposits.

The Town's investment rating based on investment type is shown below:

	Rating	Rating Agency	Fair Value
Money market funds	AAm	S&P	$ 729,528
State Treasurer's investment pool 5	AAAf/S1+	S&P	2,401
State Treasurer's investment pool 7	AAA	S&P	1,619
State Treasurer's investment pool 500	AA-3	S&P	2,297,585
State Treasurer's investment pool 700	AAA	S&P	1,656,147
			$ 4,687,280

Fair Value Measurements – The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Investments categorized as Level 1 are valued using prices quoted in active markets for those investments. Investments categorized as Level 2 are valued using other significant observable inputs.

NOTE 3 – DEPOSITS AND INVESTMENTS – Continued

	June 30, 2025
Investments Measured at Fair Value	
State Treasurer's Investment Pools	3,957,752
Investments Measured at Amortized Cost	
Money market funds	729,528
Total investments	$ 4,687,280

Investment Valuation Techniques – U.S. treasuries, agencies, money market, and equity securities in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for identical securities. Governmental bonds, corporate bonds, and other fixed income instruments, classified in Level 2 of the fair value hierarchy are valued based on significant other observable inputs, which may include, but are not limited to, quoted prices for similar or identical assets or liabilities in markets that are active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks and default rates) or other market corroborated inputs.

NOTE 4 – DUE (TO) FROM OTHER GOVERNMENTS

Amounts due (to) from other governments at June 30, 2025 consisted of the following:

	General Fund	Streets Fund	Grants Fund	Total
State of Arizona				
Department of transportation	$ -	$ -	$ 192,925	$ 192,925
Highway user revenues	-	8,520	-	8,520
State sales tax revenues	4,435	-	-	4,435
Auto lieu tax revenues	1,640	-	-	1,640
Coconino County	-	-	1,798	1,798
	$ 6,075	$ 8,520	$ 194,723	$ 209,318

NOTE 5 – CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2025, was as follows:

	(Restated) Balance July 1, 2024	Increases	Decreases	Balance June 30, 2025
Governmental activities:				
Capital assets not being depreciated:				
Land	$ 3,094,023	$ -	$ -	$ 3,094,023
Capital assets being depreciated:				
Buildings	1,534,629	224,125	-	1,758,754
Improvements other than buildings	1,589,771	392,670	-	1,982,441
Furniture, equipment, & vehicles	611,940	9,135	-	621,075
Total	3,736,340	625,930	-	4,362,270
Less accumulated depreciation for:				
Buildings	(391,069)	(86,803)	-	(477,872)
Improvements other than buildings	(508,391)	(86,461)	-	(594,852)
Furniture, equipment, & vehicles	(374,038)	(56,767)	-	(430,805)
Total	(1,273,498)	(230,031)	-	(1,503,529)
Total capital assets being depreciated, net	2,462,842	395,899	-	2,858,741
Governmental activities capital assets, net	$ 5,556,865	$ 395,899	$ -	$ 5,952,764

Depreciation expense was charged to functions as follows:

Governmental activities:	
General government	$ 52,311
Culture and recreation	110,383
Public works and streets	67,337
Total	$ 230,031

NOTE 6 – LONG-TERM LIABILITIES

The following schedule details the Town's long-term liability and obligation activity for the year ended June 30, 2025.

	Balance July 1, 2024	Additions	Reductions	Balance June 30, 2025	Due within one year
Governmental activities:					
Compensated absences	$ 29,121	$ 4,384	$ -	$ 33,505	$ 25,129
Net pension and other postemployment benefits liability	310,938	-	40,468	270,470	-
	$ 340,059	$ 4,384	$ 40,468	$ 303,975	$ 25,129

NOTE 7– RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town carries commercial insurance for all such risks of loss, including workers' compensation and employees' health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 8 – PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS

The Town contributes to the Arizona State Retirement System (ASRS) as described below. The plan is a component unit of the State of Arizona.

At June 30, 2025, the Town reported the following aggregate amounts related to pensions and other postemployment benefits (OPEB) for all plans to which it contributes:

Statement of Net Position and Statement of Activities	Governmental Activities
Net OPEB assets	$ 10,453
Net pension and OPEB liabilities	270,470
Deferred outflows of resources related to pension and OPEB	59,383
Deferred inflows of resources related to pension and OPEB	48,899
Pension and OPEB expense	(531)

The Town reported $43,256 of pension and OPEB contributions as expenditures in the governmental funds related to all plans to which it contributes.

NOTE 8 – PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS – Continued

A. Arizona State Retirement System

Plan Description – Town employees not covered by the other pension plans described below participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan, a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan, and a cost-sharing multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its website at www.azasrs.gov.

Benefits Provided – The ASRS provides retirement, health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefits terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

	Initial Membership Date:	
	Before July 1, 2011	On or after July 1, 2011
Years of service and age required to receive benefit	Sum of years and age equals 80 10 years age 62 5 years age 50* Any years age 65	30 years age 55 25 years age 60 10 years age 62 5 years age 50* Any years age 65
Final average salary is based on	Highest 36 months of last 120 months	Highest 60 months of last 120 months
Benefit percent per year of service	2.1% to 2.3%	2.1% to 2.3%

*With actuarially reduced benefits.

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earning. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the retirement benefit option chosen determines the survivor benefit. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

NOTE 8 – PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS – Continued

Health insurance premium benefits are available to retired or disabled members with 5 years of credited service. The benefits are payable only with respect to allowable health insurance premiums for which the member is responsible. For members with 10 or more years of service, benefits range from $100 per month to $260 per month depending on the age of the member and dependents. For members with 5 to 9 years of service, the benefits are the same dollar amounts as above multiplied by a vesting fraction based on completed years of service.

Active members are eligible for a monthly long-term disability benefit equal to two-thirds of monthly earnings. Members receiving benefits continue to earn service credit up to their normal retirement dates. Members with long-term disability commencement dates after June 30, 1999, are limited to 30 years of service or the service on record as of the effective disability date if their service is greater than 30 years.

Contributions – In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2025, statute required active ASRS members to contribute at the actuarially determined rate of 12.27 percent (12.12 percent for retirement and 0.15 percent for long-term disability) of the members' annual covered payroll, and statute required the Town to contribute at the actuarially determined rate of 12.27 percent (12.05 percent for retirement, 0.07 percent for health insurance premium benefit, and 0.15 percent for long-term disability) of the active members' annual covered payroll. In addition, the Town was required by statute to contribute at the actuarially determined rate of 10.19 percent (10.14 percent for retirement and 0.05 percent for long-term disability) of annual covered payroll of retired members who worked for the Town in positions that an employee who contributes to the ASRS would typically fill. The Town's contributions to the pension, health insurance premium benefit, and long-term disability plans for the year ended June 30, 2025, were $42,480, $247, and $529, respectively.

During fiscal year 2025, the Town paid for ASRS pension and OPEB contributions as follows: 84 percent from the General Fund and 16 percent from HURF Fund.

Liability - At June 30, 2025, the Town reported the following asset and liabilities for its proportionate share of the ASRS' net pension/OPEB asset or liability.

	Net Pension/OPEB (Asset) Liability
Pension	$ 270,425
Health insurance premium benefit	(10,453)
Long-term disability	45

NOTE 8 – PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS – Continued

The net asset and net liabilities were measured as of June 30, 2024. The total liability used to calculate the net asset or net liability was determined using update procedures to roll forward the total liability from an actuarial valuation as of June 30, 2023, to the measurement date of June 30, 2024.

The Town's proportion of the net asset or net liability was based on the Town's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2024. The Town's proportions measured as of June 30, 2024, and the change from its proportions measured as of June 30, 2023, were:

	Proportion June 30, 2024	Increase (decrease) from June 30, 2023
Pension	0.00169%	(0.00023)%
Health insurance premium benefit	0.00173%	(0.00024)%
Long-term disability	0.00171%	(0.00023)%

Expense – For the year ended June 30, 2025, the Town recognized the following pension and OPEB expense.

	Pension/OPEB Expense
Pension	$ 513
Health insurance premium benefit	(1,214)
Long-term disability	170

NOTE 8 – PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS – Continued

Deferred Outflows/Inflows of Resources—At June 30, 2025, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions and OPEB from the following sources:

	Pension		Health Insurance		Long-Term Disability	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 15,095	$ -	$ 302	$ 2,524	$ 164	$ 119
Changes of assumptions or other inputs	-	-	-	108	32	267
Net difference between projected and actual earnings on pension plan investments	-	17,270	-	719	-	49
Changes in proportion and differences between Town contributions and proportionate share of contributions	-	27,491	909	-	79	352
Town contributions subsequent to the measurement date	42,026	-	247	-	529	-
Total	$ 57,121	$ 44,761	$ 1,458	$ 3,351	$ 804	$ 787

The amounts reported as deferred outflows of resources related to ASRS pensions and OPEB resulting from Town contributions subsequent to the measurement date will be recognized as an increase of the net asset or a reduction of the net liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions and OPEB will be recognized as expenses as follows:

Year ended June 30,	Pension	Health Insurance Premium Benefit	Long-Term Disability
2026	$ (23,619)	$ (1,663)	$ (114)
2027	1,494	(207)	(47)
2028	(4,372)	(249)	(141)
2029	(3,169)	(40)	(138)
2030	-	19	(72)
Thereafter	-	-	-

NOTE 8 – PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS – Continued

Actuarial Assumptions – The significant actuarial assumptions used to measure the total pension liability are as follows:

ASRS	
Actuarial valuation date	June 30, 2023
Actuarial roll forward date	June 30, 2024
Actuarial cost method	Entry age normal
Investment rate of return	7.0%
Projected salary increases	2.9 - 8.4% for pensions/not applicable for OPEB
Inflation	2.3%
Permanent benefit increase	Included for pensions/not applicable for OPEB
Mortality rates	2017 SRA Scale U-MP for pensions and health insurance premium benefit
Recovery rates	2012 GLDT for long-term disability
Healthcare cost trend rate	Not applicable

Actuarial assumptions used in the June 30, 2023, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2020.

The long-term expected rate of return on ASRS plan investments was determined to be 7.0 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Geometric Real Rate of Return
Public equity	44%	4.48%
Credit	23%	4.40%
Real estate	17%	6.05%
Private equity	10%	6.11%
Interest rate senstive	6%	(0.45)%
Total	100%	

NOTE 8 – PENSIONS AND OTHER POSTEMPLOYMENT BENEFITS – Continued

Discount Rate – At June 30, 2024, the discount rate used to measure the ASRS total pension/OPEB liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board's funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension/OPEB liability.

Sensitivity of the Town's Proportionate Share of the ASRS Net Pension/OPEB (Asset) Liability to Changes in the Discount Rate – The following table presents the Town's proportionate share of the net pension/OPEB liability calculated using the discount rate of 7 percent, as well as what the Town's proportionate share of the net pension/OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (6 percent) or 1 percentage point higher (8 percent) than the current rate:

	1% Decrease 6.0%	Current Discount Rate 7.0%	1% Increase 8.0%
Town's Proportionate share of the			
Net pension liability	$ 414,077	$ 270,425	$ 150,705
Net insurance premium benefit - liability (asset)	(7,599)	(10,453)	(12,879)
Net long-term disability liability	153	45	(62)

Plan Fiduciary Net Position – Detailed information about the plans' fiduciary net position is available in the separately issued ASRS financial report.

NOTE 9 – LEASES

The Town leases fiber optic infrastructure to Commnet AZ, LLC. The Town uses an incremental lease rate of 3%. The lease effective date is March 2022 and has an initial term of ten years with renewals of four additional five-year terms through March 2051. The current payment including interest is $25,000 paid annually.

Year Ending June 30,	Governmental Funds
2026	25,000

Notes to Budgetary Comparison Schedules
June 30, 2025

NOTE 1 – BUDGETING AND BUDGETARY CONTROL

A.R.S. requires the Town to prepare and adopt a balanced budget annually for each governmental fund. The Town Council must approve such operating budgets on or before the third Monday in July to allow sufficient time for the legal announcements and hearings required for the adoption of the property tax levy on the third Monday in August. A.R.S. prohibits expenditures or liabilities in excess of the amounts budgeted.

Expenditures may not legally exceed appropriations at the department level. In certain instances, transfers of appropriations between departments or from the contingency account to a department may be made upon the Town Council's approval.

NOTE 2 – BUDGETARY BASIS OF ACCOUNTING

The Town's budget is prepared on a basis consistent with generally accepted accounting principles.

NOTE 3 – EXPENDITURES IN EXCESS OF APPROPRIATIONS

For the year ended June 30, 2025, expenditures exceeded final budget amounts at the department level (the legal level of budgetary control) in the ARPA fund.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Town Council
Town of Tusayan, Arizona

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Town of Tusayan, Arizona as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Town of Tusayan, Arizona's basic financial statements and have issued our report thereon dated March 4, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Tusayan, Arizona's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Tusayan, Arizona's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Tusayan, Arizona's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Tusayan, Arizona's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
